

2007 COAST GUARD TRAINING OPPORTUNITIES

UNIT CO's MUST READ.

Coast Guard training opportunities immediately follow, and any additional opportunities will be provided via updates when known. ***This is not a complete list. Where other training has been, or is being arranged on a unit to command basis, please continue even though not included here.*** Ensure that your cadets take full advantage of this training as it is generally exciting, fun-filled and extremely instructional in nature. Training is normally scheduled for a period of approximately 12 days, and you should plan on **30 days advance notice for confirmation**. It is extremely important to ensure that you have confirmed a quota and reaffirmed it with the Coast Guard activity before going on advanced training. There is **absolutely no room for error** due to the extremely limited messing and berthing available. The Coast Guard provides some of our finest and most fun filled training experiences. We do not want to jeopardize these great opportunities just because someone decided not to follow procedures.

Cadets will perform most of the same duties as their Coast Guard running mates, and are expected to do their fair share in all tasks. Safety shoes for heavy work, and non-skid shoes for boat operations are mandatory. **ALL CADETS ARE RESPONSIBLE** for their messing and berthing fees (should be approximately \$140.00 per cadet). **DO NOT leave the training site without paying required fees! Keep receipts for messing and berthing expenses. When cadets return to their units they are to give receipts and their NSCTNG 003 orders to their Unit CO. Unit CO's are to submit these along with an NSCTNG 022 after training. Cadets will be reimbursed for their training expenses (minus an amount equivalent to the training deposit) via the Unit CO. See encl (3), TAB B, NSCTNG 022.**

Guidelines for this year's training are as provided in the below listed sections. A listing of all sections is immediately provided below for your quick reference.

SECTION 1: APPLICATION PROCEDURES

SECTION 2: STATEMENT OF UNDERSTANDING FOR COAST GUARD TRAINING

SECTION 3: 2007 COAST GUARD TRAINING SCHEDULE

SECTION 1

APPLICATION PROCEDURES

- As per UNIT CO's MUST READ above.
- Unit Locally Arranged Orders (NSCTNG 003 or 004) will be utilized for all USCG training. Copies of the completed and endorsed orders with receipts must be forwarded to NHQ after training along with the NSCTNG 022 to receive credit for the training *and to get reimbursed for training expenses, SUBJECT TO FUNDING AVAILABILITY*. Use NSCTNG 022 at encl (3). And please remember that maintaining our credibility for good advance planning and follow through is of utmost importance for Coast Guard training.

SECTION 2

STATEMENT OF UNDERSTANDING FOR COAST GUARD TRAINING

At Appendix 6 to the basic Information Letter is a Statement of Understanding for Coast Guard Training which must be completed by all cadets, their unit CO, and the cadet parent or guardian, as part of the application process for training with the Coast Guard. It is self explanatory and intended to compliment those guidelines already promulgated to ensure the safety and well being of cadets during summer training.
